

Lesen ohne Stolperstein

Band 3

Optische Differenzierung

Buchstaben unserer Schrift unterscheiden sich oft nur minimal voneinander.

Der Buchstabe *ie* beispielsweise ähnelt sehr *ei*, *ai*, *io*, *ia*, *ic*,

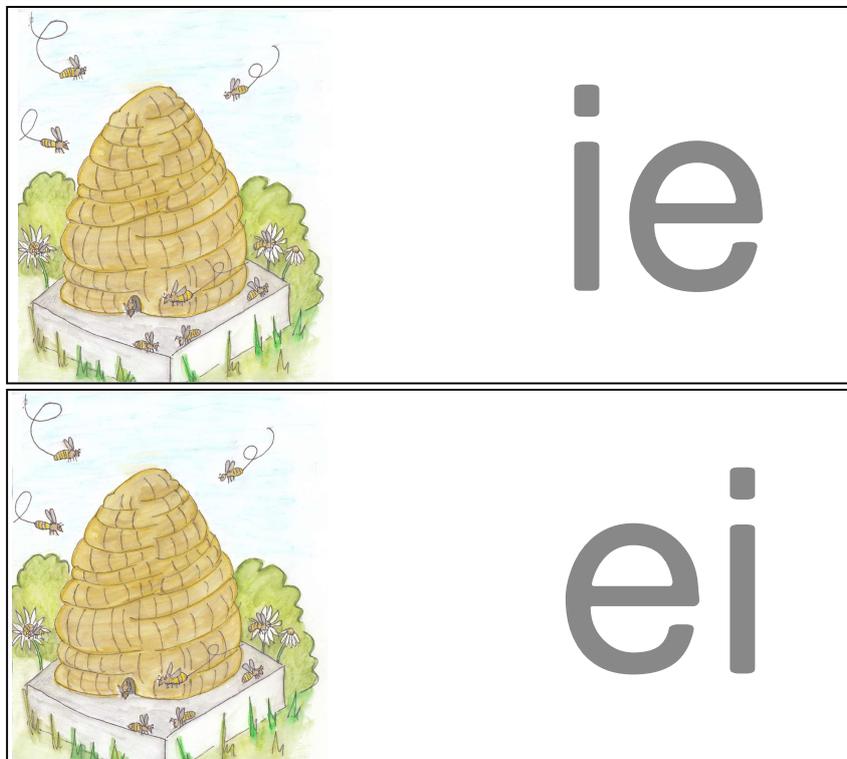

Um diese Differenzierungsleistung schnell und sicher erbringen zu können - als Voraussetzung für späteres flüssiges und richtiges Lesen - ist zunächst eine Bewusstmachung der Unterschiede und später vielfältige Übung nötig.

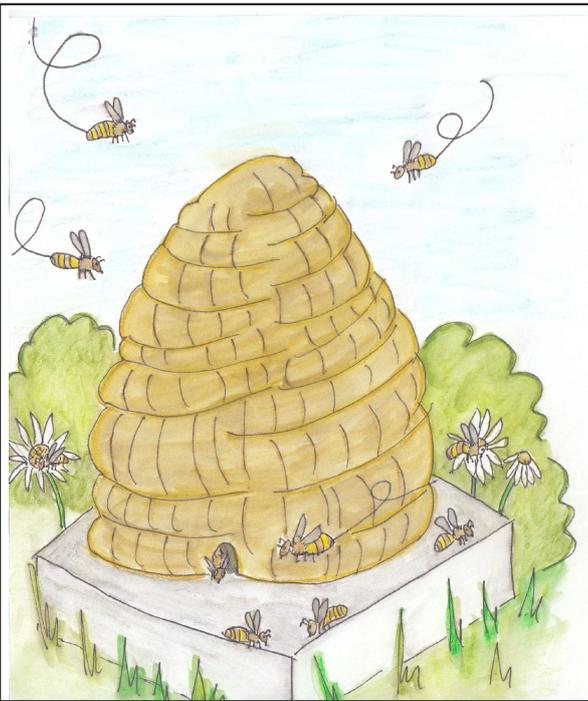

"*Lesen ohne Stolperstein*" bietet Lehrkräften die Möglichkeit mit dem kostenlosen Zusatzmaterial, im Kreis oder an der Tafel diese Unterschiede mit den Kindern zu erarbeiten.

Motivierende Bilder tragen verschiedene, ähnliche Buchstaben.

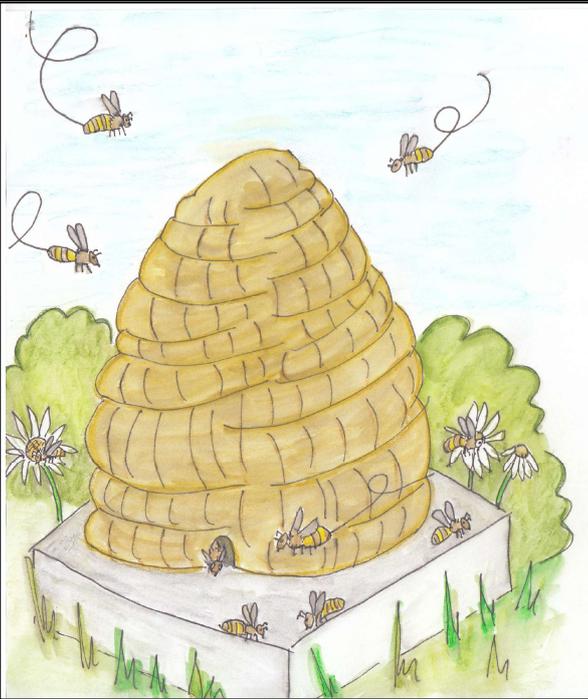

Die Bilder können geordnet werden:

- Bienenkorb mit *ie*
- Bienenkorb mit anderen Buchstabenkombinationen.
